COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

Sir:

Applicants note that the claims are each patentable for the subject matter respectively recited therein. In particular, independent claim 1 does not explicitly recite "a means for providing halogen species to water in the wastewater system and means for regulating an amount of free radical species in an amount of halogen species." Thus, independent claim 1 need not be limited in its scope under 35 U.S.C. §112, paragraph 6.

Respectfully submitted,
Roy Martin, Applicant
